Deep-Door Security Cabinets

- 800-lb. capacity per shelf
- 16-gauge steel
- All-welded
- Padlock hasp with single-point lock

"Universal," all-in-one, premium-series cabinets store all your tools and supplies. High-security padlock hasp prevents cutting devices from reaching lock. 30 1/2"Wx16 7/8"Dx4"H, 75-lb. capacity drawers have 100% full-extension ball-bearing glides. Drawers may be divided into (16) 4x7 1/2" compartments with removable dividers provided. Removable Akro-Bins® hang from louvered panels. Made in USA. *IN STOCK.*

Eight-Drawer Cabinet with 96 Bins

Includes (96) 5 7/8"Lx4 1/8"Wx3"H bins. 17 3/4"Wx34 1/2"H perfo panel accepts BOTT hooks and accessories.

Beam-hook connection

Bulk Racks

- **Standard-Industrial:** 14-gauge steel upright frame; 14-gauge steel beam
- **Beam-hook connection**
- **Shelf capacity:** up to 4150 lbs.; capacities based on evenly distributed loads
- **Shelf level quantity:** 3
- **Welded upright frame**

Pre-welded upright frames and rolled formed steel box beams on shelf frames add strength. Z-shape beam design increases capacity. Each shelf level includes a shelf frame with built-in decking support angle. Shelf levels adjust in 2" increments. Three decking choices: economical particleboard; wire for better air flow and visibility; or smooth, fire-retardant steel. Starters can be used individually or combined with add-ons to complete a row of shelving. 17,000-lb. overall capacity. Color: medium gray. Made in USA. **SELECTED MODELS FACTORY QUICK SHIP.**

48x24x72" Starter unit with particleboard decking shown.

Starters include: (2) upright frames and (3) shelf levels.

Add-ons include: (1) upright frame and (3) shelf levels.

USING PALLET RACKS WITH WIRE DECKING

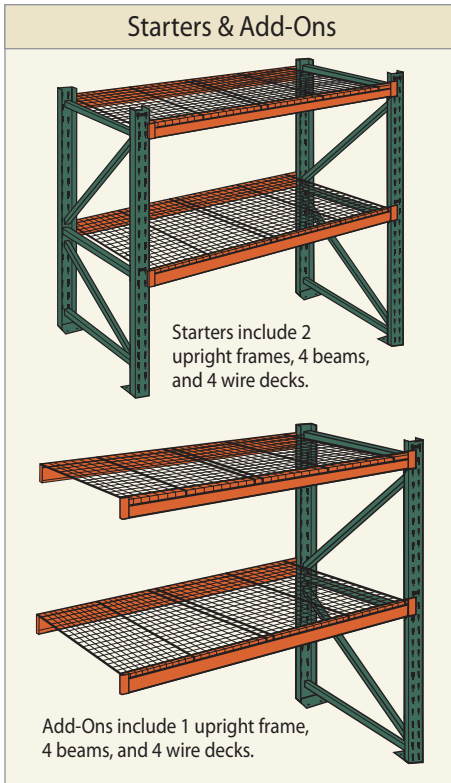

Call for Complete Rack and Deck Systems with Heavy Load Upright Frames.

Invincible™ Complete Rack and Deck System

- Welded upright frames
- Upright frame maximum capacities from 19,380 to 28,800 lbs.
- Patented Bowlock® safety clip securely attaches beam to upright

Rugged, high-strength steel construction allows 2" beam adjustability. One-piece tubular beams feature a continuous seam weld. A minimum of 2 pairs of beams are required for each storage bay. Safety certified 55,000 lbs. psi minimum yield high-strength steel used throughout. Upright frames include foot plates. Complete starters include 2 upright frames, 4 solid beams, and 4 wire decks while the add-ons include 1 upright frame, 4 solid beams, and 4 wire decks. Heavy-duty foot plates are available for seismic requirements. Polyurethane paint finish on upright frames and beams. Upright frame style change as of April 2012; beams are interchangeable. Color: orange beams and green upright frames. Made in USA. *IN STOCK.*

Galvanized Steel Wire Decking

- Step beam decking • 2x4" mesh
- 6-gauge wire • 14-gauge steel channels

Nothing to fasten—simply drop wire deck in place over rack beams. Low maintenance galvanized steel resists chemicals, rust and corrosion. Fits EDSAL Stor-Master Pallet Racks, HUSKY Invincible Pallet Racks and PENCO Pallet Storage Racks (1 1/2" and 1 7/8" step height only). Made in USA. *IN STOCK.*

CANTILEVER RACKS: COMPLETE OR CUSTOMIZABLE

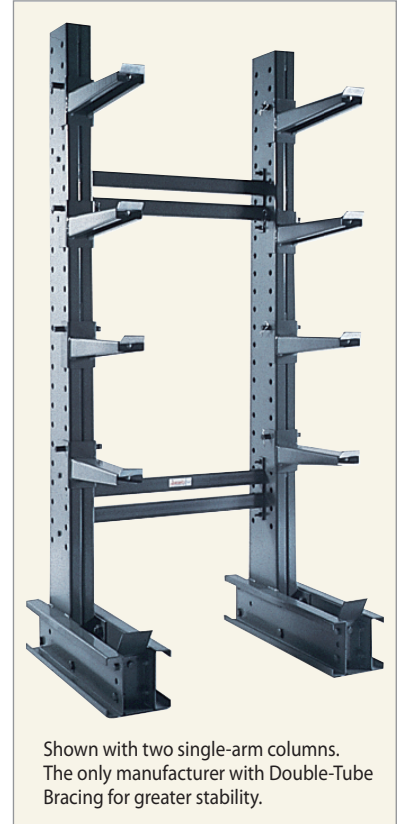

JARKE Steeltree®

Heavy-Industrial Grade Cantilever Racks

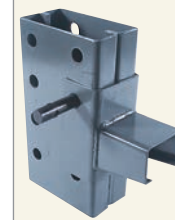

- Single-sided column capacity: up to 16,000 lbs.
Double-sided column capacity: up to 32,000 lbs.
- Arm capacity: up to 2000 lbs.
- 8', 10', and 12' heights

Tapered columns have patented internal stiffeners. 10-gauge steel columns. Straight arm with lip adjusts on 3" centers. Made in USA. *SELECTED MODELS IN STOCK.*

Shown with one double-sided column and one add-on.

Shown with two single-arm columns. The only manufacturer with Double-Tube Bracing for greater stability.

Rugged Arm Construction. Rigid columns are connected to heavy arm saddles for efficient load support.

Secure Pin Lock for Arms and Braces. Is easily inserted or removed to instantly adjust arms. Pin will not work loose when it is secured.

Complete Cantilever Systems

Includes hardware. Ships unassembled.

SECURE YOUR WORK AREA

PARTITIONS & ENCLOSURES FOR WORK SPACE & STORAGE

Each wire partition shipment receives special care to ensure your order arrives intact. All orders are packaged in wooden crates, as shown for easy handling and no freight damage.

HOW TO ORDER

Make a rough floor plan of area to be enclosed. Note overall measurements. Call for assistance.

Installation Components

INCLUDED WITH ALL PANELS

C-Channel vertical frames for positive alignment between panels, prevents telescoping.

Horizontal stiffener channels securely interwoven thru continuous wire web.

Floor sockets & assembly bolts to connect panels. Stud anchors included for concrete floors.

Top capping channel to span more than one panel—ties top of partitions together (pre-drilled).

Partition System

- Woven wire mesh
- Enamel finish
- Bolted assembly

Easy to set-up, remove and reuse. Can be installed by one person with hand tools. Partitions are interchangeable. Include nuts and bolts. Color: gray. Made in USA. **FACTORY QUICK SHIP.**

CUSTOMIZABLE STORAGE SHELVING

SHIPS SAME DAY!

48"Wx24"Dx85"H,
5-shelf starter shown.

Oversized welded foot plate provides additional stability.

Shelves are reinforced with full-length welded box channels.

Extra Ultra-Capacity Shelf Clips with 2-point suspension. Locking feature reinforces corners to reduce lateral movement. Once the clip and shelf are in place, the corner becomes completely closed. 3023300-S \$0.62

Relius Reinforced Shelving

- **Heavy-Industrial:** 14-gauge steel uprights; 20-gauge steel shelves
- **Shelves connect to posts via ultra-capacity shelf clips with wedge-type grips**
- **Shelf capacity: up to 1300 lbs., capacities based on evenly distributed loads**

Shelves feature welded tubular box on front and rear edges as well as lapped and welded corners for maximum strength. Full-length 20-gauge welded box channels mounted on undersides of shelves greatly increases capacity and strength. Posts are punched on 1" centers and include 14-gauge welded foot plates, each with one mounting hole. Begin with starter units and use add-ons as needed to complete rows. Made in USA. **IN STOCK.**

SECURE STORAGE AREA

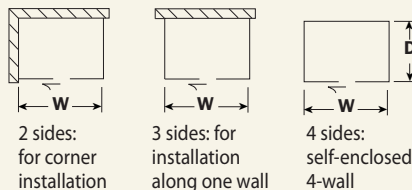

SECTIONAL INDEX

Wire Enclosures.....26-27
 Safety Cabinets & Lockers.....28-29
 Security Trucks.....30-31

Control access to equipment and resources with wire enclosures, security trucks, modular storage lockers, and safety/vault cabinets. Open mesh enclosures and lockers allow for airflow and visibility, while OSHA compliant safety cabinets keep your warehouse safe from hazardous materials. If you are in need of secure mobile storage, find the perfect security truck for your warehouse with our wide variety available in this catalog.

Order the configuration and size that best fits your needs:

How to Order:
 (1) Sketch a rough floor plan of the area to be enclosed.
 (2) Note the overall measurements.
 (3) Contact us with your design.

CALL FOR INFORMATION ABOUT CUSTOM WIRE GUARDS

Complete Bolted Wire Enclosures

- Gray enamel finish
- 10-gauge, 1 1/2" diamond wire
- Bolted assembly
