

Wright Heavy-Duty Self-Dumping Boxes

These containers are fabricated from $\frac{3}{16}$ " (7GA.) sheet steel with a $\frac{1}{4}$ " carbon steel base. Available in gray or blue as standard (please specify). Casters are available as an option.

How They Work...The automatic latch unlocks as the forklift tilts the container which then opens the door and the load empties. When the empty container is then lowered to the ground, the door latch resets itself and locks the door. Safety chain is included.

Model #	Content Capacity	Weight Capacity	Overall Width A	Overall Height B	Overall Length C	Fork Opening D	Container Weight	1 to 3 Prices	4 Plus Prices Contact Us
10044	1 CU YD	4000 lbs	40"	40"	51"	3"x26"	658 lbs	\$840	
15044	1½ CU YD	4000 lbs	58"	40"	51"	3"x30"	862 lbs	\$999	
20044	2 CU YD	4000 lbs	76"	40"	51"	3"x30"	983 lbs	\$1190	
30044	3 CU YD	6000 lbs	58"	56"	69"	3"x42"	1261 lbs	\$1435	
40044	4 CU YD	6000 lbs	76"	56"	69"	3"x42"	1467 lbs	\$1681	
50044	5 CU YD	6000 lbs	94"	56"	69"	3"x42"	1635 lbs	\$1940	

Note: All dimensions are approximate and may vary slightly. If critical, please specify.

Caution: Hinged bar is fixed in position. This design best for small parts – large parts could catch on the bar.
